2022-23

Awareness Program on Medical Coding and Billing

Circular

Date: 06.02.2023

Subject: Awareness Program on Medical Coding and Billing

We are pleased to announce an upcoming awareness program on "Medical Coding and Billing" scheduled for February 10, 2023. The resource for this program will be Arise Foundation, Hyderabad. The program aims to provide comprehensive insights into the field of medical coding and billing. Attendees can expect informative presentations and interactive sessions, covering the importance of these processes in healthcare administration and revenue management. This program will also explore career opportunities and essential skills required for success in this field.

Report on Awareness Program on Medical Coding and Billing

Date: February 10, 2023

An awareness program on "Medical Coding and Billing" was conducted on February 10, 2023. The resource for the program was Arise Foundation, Hyderabad.

The event attracted a participation of 100 students. Representatives from Arise Foundation provided comprehensive insights into the field of medical coding and billing, highlighting its importance in healthcare administration and revenue management.

Through informative presentations and interactive sessions, students gained an understanding of the intricacies involved in medical coding and billing processes. They also learned about career opportunities and the essential skills required to excel in this field.

Overall, the awareness program proved to be enlightening and beneficial for all participants.

Seminar on Artificial Intelligence (AI) in Microbiology

Circular

Date: 15.12.2022

Subject: Seminar on Artificial Intelligence (AI) in Microbiology

We are pleased to announce a seminar on "Artificial Intelligence (AI) in Microbiology" scheduled for December 21, 2022, in the Seminar Hall. Dr. Rohit, MBBS, MD, will serve as the resource person for this event. The seminar will delve into the transformative role of AI in microbial research, diagnosis, and treatment strategies. Attendees can expect insightful discussions, case studies, and demonstrations showcasing AI's potential in analyzing microbial data. This seminar promises to be an enlightening experience for those interested in the convergence of technology and microbiology.

Date: December 21, 2022

A seminar on "Artificial Intelligence (AI) in Microbiology" was conducted on December 21, 2022, in the Seminar Hall. Dr. Rohit, MBBS, MD, served as the resource person for the event, which attracted an audience of approximately **100** students.

Dr. Rohit, with his expertise in medicine and technology, provided valuable insights into the intersection of AI and microbiology. He elucidated how AI algorithms are revolutionizing microbial research, diagnosis, and treatment strategies. Through case studies and demonstrations, Dr. Rohit showcased the potential of AI in analyzing large datasets and predicting microbial behavior.

The seminar proved to be enlightening, fostering a deeper understanding of AI's role in advancing microbiological sciences

Guest Lecture on Data Science

Circular

Date: 22.11.2022

Subject: Guest Lecture on Data Science

We are excited to announce a guest lecture on Data Science by Mr. Vivek Mallampatti, Bachelor in Mathematics & Computer Science from the University of Illinois, USA. Scheduled for November 28, 2022, Mr. Mallampatti's expertise promises an insightful exploration of Data Science, including its applications and emerging trends. Attendees can expect interactive discussions and practical examples, enriching their understanding of this dynamic field. This event is an excellent opportunity for students interested in Data Science to gain valuable insights and engage with an industry expert.

Report on Guest Lecture on Data Science by Mr. Vivek Mallampatti

Date: November 28, 2022

On November 28, 2022, Mr. Vivek Mallampatti, Bachelor in Mathematics & Computer Science from the University of Illinois, USA, delivered a guest lecture on Data Science. The lecture attracted an audience of approximately **50** students.

Mr. Mallampatti's expertise in the field was evident as he delved into various aspects of Data Science, including its applications, methodologies, and emerging trends. He shared insights gained from his academic background and professional experience, providing valuable perspectives on the subject matter.

Throughout the session, interactive discussions and practical examples enriched the learning experience for attendees. Mr. Mallampatti's presentation style and depth of knowledge captivated the audience, fostering a conducive environment for knowledge exchange and exploration of Data Science concepts.

Overall, the guest lecture by Mr. Vivek Mallampatti proved to be an informative and engaging session, leaving participants with a deeper understanding of Data Science and its significance in today's technological landscape.

Two-day Workshop on "R-Programming"

Department of Computer Science

Circular

Date: 18.05.2022

Subject: Future Workshop on R-Programming

The Department of Statistics is excited to announce an upcoming two-day workshop on "R-Programming" for BSC(MSCS) III Year Students. Scheduled from 25.05.2022 to 26.05.2022 the workshop will be conducted by Mrs. M. Anitha Reddy, Assistant Professor and Head of the Department of Statistics at St. Pious X Degree College for Women.

This workshop aims to equip students with essential skills in R software, data coding, and statistical analysis. Hands-on lab sessions will provide practical experience in coding and data importation from Excel. Participation certificates will be awarded upon completion.

For further details and registration, await forthcoming communication

Regards,

Department of Computer Science.

A Report on Two-day Workshop on "R-Programming"

Department of statistics organised a two day workshop on **"R-Programming"** for BSC(MSCS) III year students of Keshav Memorial Institute of commerce and sciences by **Mrs. M. Anitha Reddy**, Assistant professor, Head, department of statistics, **St. Pious X degree college for women** from 25.05.2022 to 26.05.2022.

The resource person explained in detail about R software with a PowerPoint presentation, how to download R-software , arrays ,coding of data and so on. She discussed various statistical analysis that can be used in R-programming.
She also explained the basic concepts in statistics like graphs, charts using R.

On Day 1 and Day 2 , the students were to the lab to have hands-on experience, where they were exposed to code the R-programming and to run the program and they learn how to import the data from excel. Around 86 Students were benefitted.

The students were motivated by the resource person to learn R-programming for their future studies and also they have a query session after the completion of hands on practice. Finally, students have received participation certificates from department of statistics.

The students at the end of workshop were able to learn

- Importance of R-programming in statistics
- Data analyzation using R
- Importing data from excel

Python Programming

Department of Computer Science

Circular

Date: 4.05.2022

Subject: One-week Add-on Certificate Course on "Python Programming."

Python stands as a versatile and widely applicable programming language, finding utility across diverse fields such as Machine Learning, AI, Web Development, Data Analytics, IoT, and more. Recognizing its significance, the Department of Computer Science is pleased to announce a one-week Add-on Certificate Course on "Python Programming."

In collaboration with Sansah Innovations Pvt Ltd, Hyderabad, the course is scheduled from May 12-14th, 2022, and May 18th-21st, 2022, running from 12:30 PM to 4:30 PM in the UG Computer Lab. Mr. Sanjay Kumar, CEO of Sansah Solutions Pvt Ltd, will serve as the Resource Person.

This course is open to all students, ranging from first-year to third-year students enrolled in Computer Science B.Sc. (MSCs, MPCs & MPC).

For further details and registration, await forthcoming communication

REPORT ON ONE-DAY WORKSHOP

Department of statistics conducted One-day Workshop on 4/1/2020 on "Data Science 101 Magic's of Python with Statistics by Mr. Vivek Mallampati, Bachelor of Mathematics& CS university of Illinois, USA.

The program started by Hands-on training for Python activity by using codelabs. He spoke about the Data Science and how it is used in Statistics &computer science. Ile explained the need of Data Science in Big Data Analysis. He gave about scope of opportunities and passion, we gave certificates for participants.

Scope of Data Science:

He gave examples service based companies like IBM. Uber, MUsigma, etc. He gave examples product based companies like Ansazon, flapkart, paytm ete.

Students Feedback:

Students were inipressed a lot by the activity of Big Data Analysis.

Basic Computer Programming Skills

Department of Computer Science

Circular

Date: 02.09.2019

Subject: certificate course on BCPS (Basic Computer Programming Skills)

The Department of Computer Science acknowledges the importance of foundational programming knowledge for students enrolled in B.Com. (Computer Applications) during the academic year 2019-20. Recognizing the necessity of basic programming skills as a prerequisite for learning advanced languages such as JAVA, Python, R, etc., we have curated a 60-hour certificate course on BCPS (Basic Computer Programming Skills).

In collaboration with J&T Tech Labs, Hyderabad, this course is scheduled to run from 09.09.2019 to 15.11.2019, tailored specifically for first-year students of B.Com. Computer Applications. Led by faculty members from the KMICS Computer Science Department, the course aims to familiarize students with the basics of Structured and Object-oriented programming.

For further details and registration, await forthcoming communication

Regards,

Department of Computer Science.

Basic Computer Programming Skills

Date: 9th September 2019 to 15th Nov 2019
Time: 3.00 pm – 4.30 pm,
UG Computer lab, KMICS

BCPS (Basic Computer Programming Skills) is designed to focus on fundamental programming knowledge for the students who have joined in B.Com.(Computer Applications) during the academic year 2019-20. To learn any advanced programming languages like JAVA, Python, R etc., students should have basic knowledge. As first year students are fresher to the Computer Science and does not have prior knowledge of programming, Department of Computer Science has organized 60 hours certificate course on BCPS (Basic Computer Programming Skills) course in association with J&T Tech labs, Hyderabad **from 09.09.2019 to 15.11.2019** for I BCOM Computer Applications.

The main intention of the programme is to get familiar on basics of Structured and Object-oriented programming skills. The Couse was handled by the KMICS Computer Science Department faculty. Total 180 students actively participated in this course.

Embedded Systems (IOT Using Arduino)"

Department of Computer Science

Circular

Date: 21.08.2019

Subject: Seven-day workshop on "Embedded Systems (IoT Using Arduino)"

The Department acknowledges the pivotal role of Internet of Things (IoT) in shaping future technological landscapes and business paradigms. In light of this, a seven-day workshop on "Embedded Systems (IoT Using Arduino)" is scheduled from 28.08.2019 to 06.11.2019, held every Wednesday from 9:00 am to 5:00 pm in the UG Computer lab, KMICS, in collaboration with SANSAH Innovations.

This workshop will offer hands-on training on embedded technology. Sessions, led by Mr. Sanjay, CEO of SANSAH Innovations Pvt. Ltd., Hyd, will explore the future of robotics, skill acquisition in embedded technology, and job prospects within the embedded industries.

Anticipated as an enriching experience, the workshop will employ autonomous robot Learn & Interact technology, fostering participant engagement and knowledge augmentation.

For further details and registration, await forthcoming communication

Regards,

Department of Computer Science.

"Embedded Systems (IOT Using Arduino)"

Dates: 28 th August 2019 to 6th November 2019
Time: 9.00 am - 5.00 pm,
UG Computer lab, KMICS

Internet of Things (IoT) the next big thing in technology and the most important factor impacting fundamental business logic in the coming decades. It is defined as the network of physical objects - devices, vehicles, buildings and other items - embedded with sensors, electronics, software and network connectivity that enables these objects to get the ability to sense and communicate. Recognizing this, the department has organized a seven-day workshop on **"Embedded Systems (IOT Using Arduino)" from 28.08.2019 to 06.11.2019 on every Wednesday from 9.00 am to 5.00 pm in UG Computer lab, KMICS** in association with SANSAH Innovations. The workshop brought together over 70 participants for II B.Sc. (MSCs, MPCs & MPC). The workshop was handled by **Mr Sanjay, CEO, SANSAH Innovations Pvt. Ltd, Hyd.**

The objective of the seven-day workshop is to explore the future of robotics, its potential, acquire the skills on embedded technology and also provides job opportunities of embedded industries. The total sessions were completely hands-on training and using autonomous robot Learn & Interact technology. This program added & enhanced the knowledge of all the participants.

Digital Marketing

Department of Computer Science

Circular

Date: 28.02.2019

Subject: Two-Day Workshop on Digital Marketing

The Department of Computer Science will be conducting a Two-Day Workshop on Digital Marketing on 7th and 8th of March 2019. This workshop will be organized in collaboration with Brain Vision Solutions Pvt. Ltd., with Mr. Ganesh Nagu, Managing Director of Brain Vision, scheduled to lead the sessions.

The workshop aims to cater to the learning needs of 31 II BCom students, enhancing their understanding of Digital Marketing and its application in Social Media. Participants will gain valuable insights into various digital marketing strategies and techniques.

We eagerly anticipate the success of this workshop and extend our gratitude to Mr. Ganesh Nagu and Brain Vision Solutions Pvt. Ltd. for their forthcoming contribution.

For any further inquiries or registration details contact Department of Computer Science

Warm regards,

Department of Computer Science

Diploma in information Technology

Department of Computer Science

Circular

Date: 5.09.2018

Subject: Commencement of 45-Day Certificate Course on "Diploma in Information Technology"

The Department of Computer Science is pleased to announce the commencement of a 45-Day Certificate Course on "Diploma in Information Technology" from 17th September 2018 to 31st December 2018. The course will be conducted from 2:30 PM to 4:00 PM at the UG Computer Lab, KMICS, in collaboration with J & T Tech Labs, Hyderabad.

The course, aimed at non-computer students, aims to provide foundational practical skills and technical knowledge in the field of information technology. Mr. Jalandhar, Lecturer in Computers at KMICS, will be the course instructor.

We invite all interested participants to enroll and benefit from this valuable learning opportunity.

For further details and registration, kindly contact Department of Computer Science.

Regards,

Department of Computer Science.
