जब किसानों को उत्पादन के साथ-साथ पर्यावरण भी विचार करना है तो उन्हें मिश्रित कृषि या मिश्रित खेती (Mixed Farming) करते हैं।

- मिश्रित खेती परंपरागत कृषि प्रणाली से अलग है। इसमें एक ही जगह पर पशुपालन और कृषि दोनों का समावेश होता है।
- इससे किसानों को अधिक आय मिलती है।
- इससे पर्यावरण को सुरक्षित रखने में मदद मिलती है।
- इससे किसानों को जोखिम से निपटने में मदद मिलती है।

CORONA THE KILLER

We can't go to malta,
Nor can we go to waterfalls,
Because this virus is a scaring,
Sending our spines into a shivering,
If you have to go out ,think twice
Wear your mask, be wise
After coming home, sanitise,
And wash your hands thrice
Covid-19 is a game,
It is playing a hide-and-peek game.
Let's follow the rules and it's game.
