KMICS is committed to maintaining transparency and efficiency in its assessment procedures, ensuring fairness and accountability for all stakeholders. This SOP outlines the procedure for handling exam grievances to uphold the institution's commitment to academic integrity and student welfare.

### Internal Exam Grievance Procedure:

- The Committee will evaluate the validity of the grievance based on established criteria and evidence provided.

#### 3. Resolution:

- If the grievance is found to be valid, appropriate measures will be taken to address the concern.
- This may include re-evaluation of the answer script, correction of errors, or any other necessary actions to rectify the situation.
- The decision of the Examination Committee will be communicated to the student within a stipulated timeframe.

#### 4. Appeal Process:

- If the student is dissatisfied with the resolution provided, they may appeal to the principal within three days of receiving the decision.
- The principal will conduct a thorough review of the case and provide a final decision, which will be communicated to the student.
