## **An appeal to our Alumni**

- The college offers the alumni a strong platform for networking which will be mutually beneficial. It can be done through the web page which will try to bridge the gap and provide a platform for all concerned.
- The biggest challenge is to create a database of alumni. An appeal to the alumni is to continuously update the list year-wise and geographical location wise. Keep us informed about your friends, provide their contacts/email-IDs so that complete information is compiled for updating the database.
- We need to utilize the data base mutually, wherein we look forward to your expertise in shaping the curriculum and making it relevant to suit the industry requirement. We look up to you for mentoring and guiding the freshers, helping them for placements and a lot more of valued inputs. We appeal to our alumni to forward the details of any jobs openings or business opportunities in your organization which can be posted on the web page. This may even help senior alumni members, giving them an avenue to collaborate, share this valuable information. Those belonging to research organizations could share a variety of resources.
- Raising a Corpus fund for awards/infrastructure / financial support for deserving students/nonteaching staff, for your alma mater is another major area where we seek voluntary contributions from our alumni.  
In recent years Alumni is reckoned as a strong driver for overall development and progress of the Institutions and we need to be one amongst them
