PRESIDENT'S MESSAGE

The issue of Nivedika comes at a time when the nation and humanity is feeling little relieved of the pandemic. On our part Keshav Memorial Institutions are enduring that the impact of the pandemic is reduced to the least possible extent. Though there was a complete lockdown teaching activity took place online benefitting the students. Recently physical classes also commenced. The management thanks the teaching, non-teaching staff and the students for extending their co-operation in the smooth conduct of all activities.

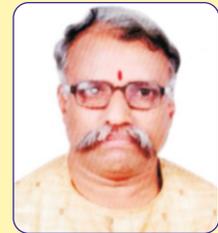

Justice Sri L. Narasimha Reddy,
President, Keshav Memorial Educational Society
Chancellor, UOH,
Chairman Central Administrative Tribunal, New Delhi

The management can proudly claim that it is one of the few educational Societies which paid full salaries to all its employees. We are also proud that we did not retrench or discontinue any of our employees even in the lockdown period, The demand for admissions in various UG and PG Courses during this academic year has demonstrated that the glory of Institutions is intact if not it is on the raise.

This issue of Nivedika is reflecting the activities that took place even during the lock down period. I am happy that the quality of activities done is very good as they reflect knowledge and situation of the present times.

SECRETARY'S MESSAGE

It is laudable that in today's New Normal entire Teachers are using ICT tools to teach their students. It's even more heartening to see them learn the technicalities before starting to teach online. Mere teaching of the subject is not quality teaching. Effective teaching is that which enables the students to realize their innate potential. If a teacher can accomplish it, he will become a true Teacher in all respects. At the same time, students also must show sincerity, respect and devotion towards their teachers. This mutual respect reflects the nature of Student – Teacher relationship. It will in turn help the growth of the society.

Dr. A V Subrahmanyam
Secretary

Educational Institutions must become centers of character building. The atmosphere in the campus must aid in achieving this goal. Apart from quality technical learning of the subjects, they must also be imparted quality training in personal development. Management is always eager to upgrade the infrastructure (Technical and Physical) depending on the rising needs of the students. Soon the digitalization of classrooms is going to be done on priority basis. Quality in teaching along with competent and organized infrastructural facilities will motivate the students to excel in their field of study. In the process, students will become creative and self reliant. Keshav Memorial Educational Society strives to ensure that its students and faculty are sufficiently equipped to have all-round growth.

EDITORIAL

World has experienced unprecedented experiences over these few months. It has thrown a challenge to the educational system of the world. However, man proved that ingenuity is the hallmark of his existence. The same ingenuity is reflecting in the activity reports of all the Institutions. Each one of the activities are a summary of the thought process that went into the conduction of the activities. They reflect the attempt at learning in a new way. I hope this magazine gives an insight on the efforts taken to ensure continuous learning.

A BRIEF HISTORY OF KESHAV MEMORIAL EDUCATIONAL SOCIETY

Keshav Memorial Educational Society was established in 1940 by Pandit Vinayak Rao Vidyalkar in memory of his father Sri Justice Keshav Rao Koratkar, who was a Judge of the then Hyderabad High Court, as part of the freedom movement. Justice Koratkar firmly believed that education of our youth would be the right means for their freedom. So he had opened a few schools in his native place which is now in Maharashtra. He was also one of the founder members of Vivek Vardhini Educational Society. To fulfill the aspirations of his father, Pandit Vinayak Rao Vidyalkar started a voluntary organization by the name of Keshav Memorial Educational Society in 1940. He established a middle school later, the same school has been developed into High School. In 1950 a Girls High School has also been established. Both the schools have been admitted into the grant-in-aid scheme of the state government. In 1974 a Junior College also been started. It is also admitted into grant-in-aid. In addition to these we have unaided English Medium High school, unaided degree and PG College. In the year 2007 we have started an engineering college with the name and Style of Keshav Memorial Institute of Technology. It is an institute striving for the development of various skills in youth.. In the year 2016-17 we started an unaided Law College. In the subsequent years we started Niel Gogte Institute of Technology, Keshav Smarak Junior College and Keshav Memorial Junior College (Unaided), Keshav Memorial School (Unaided). All these institutions are named after Keshav Rao Koratkar. We are successfully training and placing many number of students in various reputed MNCs..

We have about 100 members to constitute the General Body of the Society. They elect the managing committee for a term of three years. The management committee consists of: President, Vice-President, Secretary, Joint – Secretary, Treasurer and other eight members. The managing committee is the main administrator and the Secretary is the Executive officer. He is responsible for implementing the decisions of the Managing Committee. The institutions run by this Society strived to inculcate the spirit of nationalism among the student and the education imparted is based upon Bharathiya Values of Education and Culture. We give freeships to poor students, conduct medical camps, and give uniforms to poor students. We also try to provide our students placements, with the help of various business houses and MNC'S.

Noteworthy programs like blood donation camp, NSS camp, NCC training, Personality Development Program and short term add on technical courses like Tally, SAAP, National Seminars, State level Workshops are being conducted. We have also conducted a few programs like Varalakshmi Vatham, Batukkamma (Traditional festivals), as part of social responsibility.

SRI BHAYYAJI'S VISIT

Our Society and its Institutions are blessed by visits of eminent personalities from all walks of life. On 22-01-2020 we were fortunate to receive **Sri Bhayya Jee Sar Kashyava** of RSS and **Sri Kishen Reddy**, Hon'ble Minister of State for Home, GOI. They performed pooja in the newly constructed Third Floor. Sri Bhayyaji advised us to impart value based Education in our Institutions to make the country strong.

IN MEMORIAM

Sri Srinivasa Chary

Lecturer in PG Mathematics

Life brings tears, smiles, and memories. The tears dry, the smiles fade,
but the memories last forever.

Sri Gopala Rao

Lecturer in Commerce (UG)

.....It's evident
the art of losing's not too hard to master
though it may look like (Write it!) like disaster

“Life doesn’t get easier or more forgiving, we get stronger and more
resilient

AUTONOMOUS STATUS CONFERRED BY UNIVERSITY GRANTS COMMISSION

Keshav Memorial Institute of Technology (KMIT) is pleased to announce that the University Grants Commission (UGC) conferred autonomous status to the college in **December 2020**. This welcome decision was received after a detailed inspection. The result of the same proclaimed that KMIT was well-qualified and eligible for autonomy based on its current performance and its competency & commitment to impart quality education to its students. KMIT takes this honour seriously and is working towards building an educational structure i.e. in terms of curriculum, assessments and research that will benefit not only the students but its faculty and staff as well.

NAAC ACCREDITATION – GRADE A

The National Assessment and Accreditation Council (NAAC), a government organization that assesses and accredits Higher Education Institutions in India, upon peer recommendation declared accreditation to KMIT with Grade A on **8 January 2020**. This grade is valid up to 7 January 2025.

BIRAC GRANT

The R & D Centre at Keshav Memorial Institute of Technology (KMIT) has been involved in the development of Clinical Translational Research CAD (**Computer Aided Disease Detection & Diagnostics System**) for various cancers. The said CAD system is an AI powered, end-to-end clinical diagnostics workflow in line with CAP (**College of American Pathologists**) protocol, include all biomedical imaging (Pathology, Radiology) biomarkers identification for various cancers, initially for Breast Cancer. In connection to the same, the college has been awarded **INR 50 lakhs (BIRAC/IKP01207/BIG-16/20)** by **BIRAC** (Biotechnology Industry Research Assistance Council), Dept. of Biotechnology, and Govt. of India.

Note: Dr. Rohit Tapadia, Tapadia Diagnostics Center, Hyderabad is providing clinical protocol guidance and also validating the entire product development. KMIT is also collaborating with few illustrious cancer hospitals across the region.

STUDENT PUBLICATION IN INTERNATIONAL JOURNALS
