## PRESIDENT'S MESSAGE

The issue of NIVIDIKA comes at a time when the Keshav Memorial Education Society recorded few more achievements towards its credit. The first is that the AICTE accorded approval for establishment of the MBA Course in case of 120 students. The Society would take every step to make the course successful and to impart education of very high quality in the field. The second is that being approached by parents and students for Engineering Courses and not finding the available seats, the Society made effort to open another Engineering College under the name “Keshav Memorial Engineering College”. We are glad to inform that approval was accorded by the AICTE for opening that college, which is ready with all the facilities and infrastructure.

**Justice Sri L. Narasimha Reddy,**  
President, Keshav Memorial Educational Society  
Chancellor, UOH,  
Chairman Central Administrative Tribunal, New Delhi

During the Covid period, the Institutions of the Society made efforts to continue teaching programmes without any disruption. The response from the students was also encouraging, and the Faculty need to be appreciated for this relentless effort.

I am confident that the coming Academic Years would be much better from the point of view of holding physical classes and ensuring that the standards of very high level are maintained in the Institutions being run by us.

## SECRETARY'S MESSAGE

The only way to start a good work is to start. Institutions working under the Keshav Memorial Educational Society taking social service as the motive try to excel in their objectives. Apart from teaching to give knowledge overall development of the students is the objective in the minds of our teachers. Intelligent individual is one who transforms the impediments in his path to opportunities. During the lockdown, apart from conducting online classes National and International webinars, workshops and Competitions were also conducted. It helped the students to develop their thinking and creative powers. I congratulate and felicitate our Teaching Staff for the commendable job they are doing.

**Dr. A V Subrahmanyam**  
Secretary

When our society is in difficulty, fighting the pandemic it becomes the duty of Individuals and organizations to help out. Realizing this responsibility our Society is extending a helping hand to the students who are orphaned during the Pandemic. Our High School under the aegis of APANNA HASTHAM is giving free education to them until they complete their schooling.

Infrastructure and constant endeavor put together will result in success. Keeping this in view Our Management constantly upgrades the Infrastructure in all aspects.

## EDITORIAL

Having a vision is important. Giving shape to that vision must happen through Proper planning and Proper execution. During the execution stage we may encounter unforeseen impediments. Fortunately, pandemic and lockdown have its positive side too. All the students and faculty quickly went into learning mode. The result is reflected in this issue of Nivedika. This issue is special in this aspect as every activity that is executed is an example of new learning, a reflection of the technical skills as well. This issue is therefore presented as a celebration of the undaunted spirit of Man. Hope, it will become a joyful memory for all of us.

## A BRIEF HISTORY OF KESHAV MEMORIAL EDUCATIONAL SOCIETY

Keshav Memorial Educational Society was established in 1940 by Pandit Vinayak Rao Vidyalkar in memory of his father Sri Justice Keshav Rao Koratkar, who was a Judge of the then Hyderabad High Court, as part of the freedom movement. Justice Koratkar firmly believed that education of our youth would be the right means for their freedom. So he had opened a few schools in his native place which is now in Maharashtra. He was also one of the founder members of Vivek Vardhini Educational Society. To fulfill the aspirations of his father, Pandit Vinayak Rao Vidyalkar started a voluntary organization by the name of Keshav Memorial Educational Society in 1940. He established a middle school later, the same school has been developed into High School. In 1950 a Girls High School has also been established. Both the schools have been admitted into the grant-in-aid scheme of the state government. In 1974 a Junior College also been started. It is also admitted into grant-in-aid. In addition to these we have unaided English Medium High school, unaided degree and PG College. In the year 2007 we have started an engineering college with the name and Style of Keshav Memorial Institute of Technology. It is an institute striving for the development of various skills in youth.. In the year 2016-17 we started an unaided Law College. In the subsequent years we started Niel Gogte Institute of Technology, Keshav Smarak Junior College and Keshav Memorial Junior College (Unaided), Keshav Memorial School (Unaided). All these institutions are named after Keshav Rao Koratkar. We are successfully training and placing many number of students in various reputed MNCs..

We have about 100 members to constitute the General Body of the Society. They elect the managing committee for a term of three years. The management committee consists of: President, Vice-President, Secretary, Joint – Secretary, Treasurer and other eight members. The managing committee is the main administrator and the Secretary is the Executive officer. He is responsible for implementing the decisions of the Managing Committee. The institutions run by this Society strived to inculcate the spirit of nationalism among the student and the education imparted is based upon Bharathiya Values of Education and Culture. We give freeships to poor students, conduct medical camps, and give uniforms to poor students. We also try to provide our students placements, with the help of various business houses and MNC'S.

Noteworthy programs like blood donation camp, NSS camp, NCC training, Personality Development Program and short term add on technical courses like Tally, SAAP, National Seminars, State level Workshops are being conducted. We have also conducted a few programs like Varalakshmi Vatham, Batukkamma (Traditional festivals), as part of social responsibility.

**PLACEMENT CELL**

The **Placement Cell** of **KMICS** college has had another fruitful year of placements. In the academic year **2021**, the various companies approach us in their hunt /for fresh talent for their organizations. Each year, we invite and host companies on campus to hold recruitments for our students, and in spite of the job market looking bleak this time around, we saw many leading corporates recruit a considerable number of students from our campus. The aim is of placement cell to invite companies from various fields in order to make opportunities available for students from commerce and sciences **UG** and **PG**. The Placement Cell also acts as an interface between the students of the college and various companies that come for recruitment. The placement cell maintains constant contact with the students by sending the students regular mails notifying them about the companies that would be visiting thereby encouraging them to apply for the recruitment procedure. The placement cell in collaboration with several leading and new company held the virtual drives appropriate for most of the final year students who would be taking part in the cell has been successful in inviting several companies and maintaining a cordial relationship with them.
