

INTERNATIONAL SCIENCE DAY

RESOURCE PERSON: *Dr. Ravindra Tiwari, Dean, Global Institute of Engineering & Technology Moinabad*

Date: 10th NOV 2017

International Science Day was celebrated on 10TH Nov 2017. It was organized by Science Association committee. Dr. Ravindra Tiwari, Dean, Global Institute of Engineering & Technology Moinabad was invited as the Guest speaker for the occasion.

Science Association committee members with Guest Dr. Ravindra Tiwari, Dean, Global Institute of Engineering & Technology Moinabad on International science day

Members interacting with the Guest

All the science Association committee members received the Guest speaker and offered good hospitality.

Garlanding the statue

All the members along with Guest speaker, Principal

Dr.J.Nageswara Rao Garu, Vice-Principal Dr.P.Somanatham Garu gathered to honor Keshav Rao Koratkar statue with a garland.

Mean while all the UG & PG science students gathered at S.V Hall for the programme

Later on the science Association committee members along with the Guest speaker & Principal gathered at S.V Hall.

The programme was hosted by A. Venuka faculty from UG, Mathematics Dept.

Ever one assembled in the S.V. Hall for the Programme.

The Guest speaker, principal & IQAC convener were invited on to the Dias

The Guest speaker was honored with a bouquet presentation by CH. Sugandhini Faculty from UG Mathematics Dept.

Guest speaker Lighting the Lamp at the Inaugural

Principal Lighting the Lamp at the Inaugural

The programme started with the lighting of the lamp to Goddess Saraswathi by the Guest speaker, principal & all the members of science Association committee along a prayer song by Radhika & Sreelatha faculty members of science Association.

There after Mrs. M.Sangeetha Lawrence faculty from PG Analytical Chemistry Dept gave the welcome speech. She has told about the introduction of International Science Day in her speech she told that it is also called as world science Day for peace and Development. It was proclaimed by UNESCO in 2001. It was celebrated first time in 2002.The theme for this year is “Science for Global understanding ” Global understanding is Key to peace & sustainable development in that it promotes the commitment of individuals & local communities in sharing knowledge for actions and behavioral change. She also said that the purpose of world science Day for peace & development is to renew the national as well as the international commitment to science for peace & development and to stress the responsible use of science for the benefit of society.

Then principal of KMICS Dr.J.Nageswara Rao Garu was called to address the gathering. Sir said that each and every person can become a great scientist provided they show great interest in the studies & gaining good subject knowledge from their mentors.

Guest speaker's presentation on International Science Day

Then the time was given to the Guest speaker to deliver a speech on the occasion of International science Day.

At the end of the session, she told the students to take oath to plant trees and save rivers, to protect our planet.

Distribution of Prizes & Ceritificates to the Winners of best PPT presentations

Prize Distribution to the Students

Prize Distribution to the Students

Analytical chemistry Student won the prize for best out of waste

Prize

Distribution to the Students for poster presentation

Prize distribution for drawing

To commemorate the International science Day, the science Association committee of KMICS has organized & conducted a PPT competition for UG & PG science Dept students on 2 successive days i e, on 6th & 7th Nov .2017on any science related topics. Screening was done by different Judges & best. Power point presentations were selected for which the prizes & certificates were given to the students & prize winners by the Guest & principal.

Later on the Guest speaker was honored with shawl, memento by principal and along with science Association committee members.

Guest Felicitation

***Science association committee members with the Guest
Dr.Ravindra Tiwari***

Vote of thanks was proposed by P.Shravanthi convener of science Association committee. She thanked the management & principal for their support in organizing such programs & also thanked all the members of science Association committee for their support in the arrangement of the programme and making it a grand success.

At the last feedback forms were distributed to all the students & later on collected from them.

SUMMARY

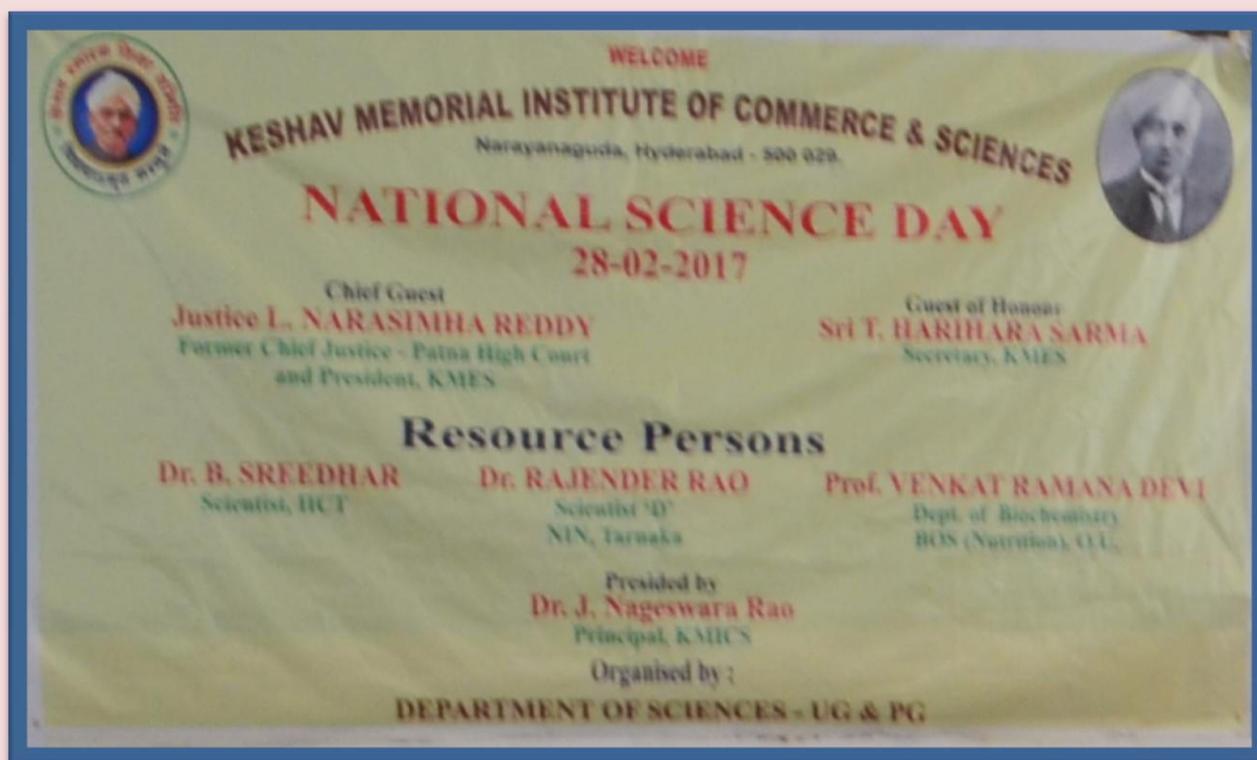

The Resource person has explained how the industrialization, technology development, deforestation, Green house effect lead to the disturbances in the global climate, due to which global warming, storms, harmful radiation effects are disturbing the normal life and peace of each & every individual on this planet. Every one of us should take necessary action to preserve our planet, plant trees and conserve our forests & rivers. The slow depletion of natural resources & harmful radiations are causing an alarming effect on the global temperatures if it continues she said that by 2030 the global temperatures would increase further causing global warming, decrease in Agriculture & river. Madam has used PPT as the source to deliver her lecture.

OUTCOME

At the end of the session, students took oath to plant trees and save rivers, to protect our planet

NATIONAL SCIENCE DAY 28TH FEB.2017

Keshav Memorial Institute of Commerce & Sciences Dept. of Chemistry PG (Organic & Analytical Chemistry) staff and students and with help of UG staff has organized *Keshav Science Symposium* an account of "National Science Day". The guest speakers were

- 1. Dr. B. Sreedhar scientist from ICT, Hyderabad**
- 2. Dr. Rajender Rao scientist D from NIN, Hyderabad**
- 3. Prof. Venkata Ramana Devi Dept. of Bio Chemistry and BOS Nutrition from OU.**

REPORT

The program started with welcome note by students followed by Vandematharam song and lightening of lamp, prayer song was sung by M.Sc Chemistry final year students, then a visual presentation by Shiva Ram about the Indian scientists and their contributions and also the events were conducted on 22nd and 23rd February 2017 on account of National Science day.

On account of this occasion several activities and inter collegiate competitions were conducted, and a total of 160 students participated from different colleges like A.V.College, Aurora College, Avanthi College, Sardar Patel College, Nanak Ram Bagawandas College, KMICS -UG Sciences & PG Chemistry (Organic and Analytical Chemistry) participated in these competitions, a total of *five events were conducted on 22nd and 23rd of February 2017.*

- 1. Debate - The topic was "Is technology a blessing or curse?"*
- 2. Painting - On the spot painting*
- 3. Healthy & Nutritious food show.*
- 4. Documentary show - The topic was "Students - Technology and life style"*
- 5. Science Quiz*

Guests were invited honored with auspicious Tulsi Plants. Introduction of National Science Day was given by Sangeetha Lawrence. Program Report on the events conducted was given by

P.Shravanthi. Secretary reminded about the great scientists and their contribution and also told about the life history of Sir C.V.Raman. Guest speaker introduction was given by Faculty members V.Anjaneyulu, S.Pranitha and B.Purushotham.

The guest speakers spoke about the importance of science in our daily life; they said that everyone is a born scientist and told to think to bring about the qualities from one to become future scientists. Dr.Rajender Rao sir told that we have to bow our heads to three things in our life, first our parents, second to the teachers and third to our books through which we get knowledge. They have also told to read books to know more information. The program ended with guest's felicitation, vote of thanks by Krishna Prasad (faculty) and lunch was followed.

Guests are honoring late Keshav Rao Koratkar statue with a garland

Guest of Honor Shri .T.Hara Hara Sarma garu arriving to the even

Guests watching the paintings and posters drawn by the students

Lighting of the lamp

Documentary show on Indian Scientists

Documentary show about the events conducted

Guest of honor Shri. T. Harihara Sarma secretary of KMES, Principal, Prof. Venkata Ramana Devi, Dr. B. Sreedhar and Dr. Rajender Rao on the dais

Mrs. Sangeetha Lawrence Presenting an introduction of National Science day.

Mrs.P.Shravanthi presenting Report of the events.

Principal J.Nageswara Rao addressing the students

Guest of Honor Shri.T.Hari Hara Sarma garu delivering the speech on importance of Science

Mr.V.Anjaneyulu introducing the guest speaker Dr.B.Sreedhar, scientist from IIT

Guest Speaker Dr.B.Sreedhar Addressing the gathering

**Mr. B.Purushotham introducing our guest speaker Dr.Rajender Rao, scientist -
D, from NIN Hyd.**

Dr.Rajender Rao Addressing the students

Mrs.S.Pranitha announcing the prize winners

Mr.Lokesh.(M.Sc Chemistry II year) was given first prize for Painting by Prof. Venkata Ramana Devi, Dept. of Bio Chemistry & BOS Nutrition O.U

Dr.Rajender Rao presenting the first prize to winners in Science quiz competition

Guest of Honour Presenting the Second prize to winners in Science quiz competition

Guest of honor Shri.T.Hari Hara Sarma garu presenting the prize to the students

A view of guest with participated students in the event

Mr.Sathish from Dept of Chemistry, singing a song for the gathering

All the Science Association members (UG&PG) with Guests

Mr.N.Krishna Prasad concluding the program with Vote of Thanks

Guests Having lunch on the occasion of "National Science da
