Report on Guest lecture III:

Department of Statistics conducted guest lecture on 14-03-2020 on “**Role of Statistics towards Decision Making**” by inviting **Mr. M. Kanaka Reddy**, Research Scholar, Department of Statistics Osmania University.

He explained the importance of statistics in taking decision at various fields. He also informed that the statistics subject is very important to get into various competitive examinations to be organized by the Government Departments.

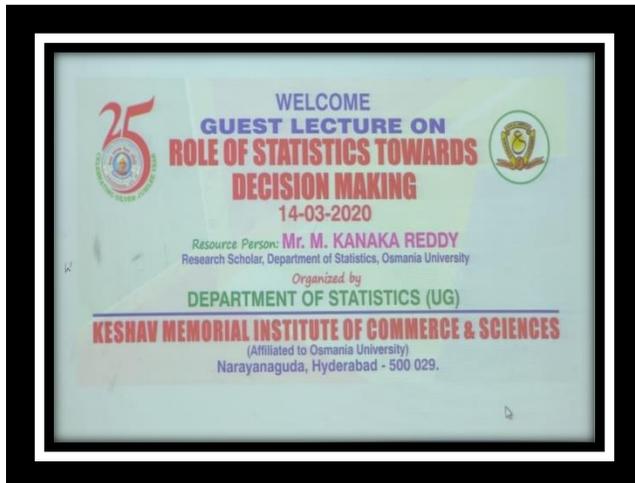

He also explained about Statistics is an indispensable tool for national development, growth and planning and a government without viable infrastructure for information generation, dissemination and usage is severely handicapped in doing proper planning, monitoring and evaluation of development programmes and projects and also in arriving at good decision with respect to their government policy formation.

He also explained the role of statistics in IS/IT (information systems and information technology) in general can be substantial, yielding more nearly optimal performance of problems at the emerging frontiers in all their aspects.

Feed Back from Students:

- This lecture created interest in statistics towards central, state and private IT jobs.
- He gave career guidance to students in Decision making.
