Report on Distribution of Ganesh Idols

The NSS Unit and IQAC of **Keshav Memorial Institute of Commerce & Sciences**, Narayanguda, Hyderabad, organized a special programme on the **Distribution of Ganesh Idols**. The event was held with the objective of promoting eco-friendly celebrations and spreading awareness about the importance of using clay idols during Ganesh Chaturthi to protect the environment.

The programme was graced and guided by **Smt. V. Santhi, Principal**, along with **Smt. J. Madhurima, NSS Officer**, and **Smt. L. Deepika, IQAC Coordinator**. Students and faculty actively participated in the event, showing enthusiasm towards adopting sustainable practices in festivals.

Through this initiative, clay idols of Lord Ganesha were distributed among students and staff to encourage pollution-free celebrations. The NSS volunteers played a key role in mobilising participants and spreading awareness about environmental conservation.

The programme was a grand success and inspired students to celebrate Ganesh Chaturthi with devotion and responsibility towards nature.

Report on Ganesh Immersion in Collaboration with Hyderabad Police

Date: 6 Sept 2025

Saturday

The Ganesh Immersion programme was organized in close collaboration with the Hyderabad Police to ensure a safe and well-coordinated immersion process.

As part of the initiative, 114 NSS volunteers and students from our college actively participated by assisting the police authorities at various immersion points. Students were assigned the task of scanning **QR codes** provided by the Hyderabad Police to track and update the details of each immersion. This system helped the police monitor the real-time movement of idols and maintain a smooth flow of the immersion process without overcrowding.

The Principal and faculty members encouraged the students to extend full cooperation to the officials and emphasized the importance of civic responsibility. The police officers appreciated the discipline and dedication shown by the student volunteers in managing the large gathering with patience and responsibility.

Outcome: The immersion process was carried out efficiently with minimal inconvenience to the public. The integration of QR code scanning and student-police collaboration proved highly effective, ensuring order, safety, and smooth execution of the event.
