

# SEMINAR ON

## “CHEMISTRY IN DAILY LIFE”

### DATE 28-09-2016

On 28th September 2016 Department of Chemistry, Keshav Memorial Institute Of Commerce And Sciences Conducted a one day seminar program regarding "**Chemistry in daily life**" in Collaboration with Royal Society Of Chemistry, IDLS. The aim of this seminar is to create inquisitiveness in chemical sciences which creates a platform for interdisciplinary approach, sharing of knowledge and inspire them to the chemistry, which is part of everyday life.

The program took off with a welcome speech by G.Himabindu, Chemistry Department(UG), KMICS, followed by prayer song. The stage was decorated with the presence of Dr. V. Peesapati , Secretary RSC-IDLS , Prof. A. Varadarajulu, Retired Professor Krishna Devaraya University, Dr. Ch. Krishnakumari, Retired Reader Kakatitya University, and Principal KMICS Dr. J. Nageswar Rao. The students present in the hall were first enlightened by a great speech by the principal on **sciences** and its Practical applications.

# **INDUSTRIAL APPLICATION OF CHEMICAL SCIENCES**

**DATE: 28-09-2016**

Dept. Of Chemistry organized one day seminar on "Industrial Applications Of Chemical sciences" for UG & PG students on 28-09-2016 at KMICS -Narayanaguda in collaboration with the Royal Society Of Chemistry (London)- India Deccan Local Section(RSC-IDLS).The aim of this seminar is to create inquisitiveness in Chemical Sciences and in particular chemistry for science graduates. The RSC - India Deccan Local Section creates a platform for interdisciplinary approach , sharing of knowledge and inspire them to the chemistry , which is a part of everyday life.

Mrs G.Himabindu , Lecturer , Dept. Of Chemistry gave Welcome address

Dr.J.Nageswara Rao , Principal,KMICS addressed the students. Prof.V.Peesapati, Secretary RSC-IDLS explained about Royal Society Of Chemistry.

Dr. Ch.Krishna Kumari , Reader-Rtd, Kakatiya University delivered a lecture on "Application of Abrasives in Daily Life". After tea-break Prof. A.Varadarajulu, Rtd-Professor Krishnadevaraya University delivered a lecture on "Bio-degradable Polymer Composites".

## REPORT ON NATIONAL SCIENCE DAY -28<sup>TH</sup> FEB.2017

Keshav Memorial Institute Of Commerce & Sciences Dept. of Chemistry PG (Organic & Analytical Chemistry) staff and students and with help of UG staff have organized Keshav Science Symposium an account of "National Science Day". The program started at 10:45AM after arrival of guest speakers.

The guest speakers were:

1. Dr.B.Sreedhar scientist from IICT. Hyderabad
2. Dr.Rajender Rao scientist D from NIN. Hyderabad
3. Prof.Venkata Ramana Devi Dept.of Bio Chemistry and BOS Nutrition from OU. Hyderabad

The guest of honour was Sri.T.Hariharasarma Garu and the presiding officer was principal Dr.J.Nageswara Rao Garu (KMICS).

A total of five events were conducted on 22<sup>nd</sup> and 23<sup>rd</sup> of February 2017.

1. Debate - The topic was "Is technology a blessing or curse ? "
2. Painting - On the spot painting
3. Healthy & Nutritious food show.
4. Documentary show - The topic was "Students - Technology and life style"
5. Science Quiz
