About the Society

Keshav Memorial Educational Society was established in the year 1940 by Pandit Vinayak Rao Vidyalkar in remembrance of his father Justice Keshav Rao Koratkar, a Judge of the then erstwhile Hyderabad High Court. During that period, the instruction in Educational institutions, in Hyderabad state under Nizams rule was mostly in urdu medium. The Keshav Memorial Educational Society was established with the objectives of providing education through mother tongue i.e. hindi and telugu medium, then after some years in english medium. The institution became the center of nationalistic activity and freedom struggle at a time when the hyderabad state continued under Nizam's rule even after 15th August 1947. The National tricolour flag was hoisted in the campus of Keshav Memorial Educational Society overcoming serious restrictions. Over the years the educational institutions under the society have grown in number, size and quality covering various fields of education. The Society proudly celebrated the Sahasra Purna Chandra Darshan in 2023, its 83rd foundation day.

The Society has the following Institutions:

- ✦ Keshav Memorial High School (English Medium) (1940)
- ✦ Keshav Memorial Junior College (1974)
- ✦ Keshav Memorial Institute of Commerce & Sciences (1994)

INSTITUTION'S INNOVATION COUNCIL (IIC)

The Institution's Innovation Council (IIC) at Keshav Memorial Institute of Commerce and Sciences is a dynamic initiative under the Ministry of Education, Government of India, designed to foster a culture of innovation and entrepreneurship. The council regularly organizes workshops, idea-generation sessions, hackathons, expert lectures, and innovation challenges to nurture students' creativity and problem-solving abilities. It provides a platform for students to transform ideas into practical solutions and connect with industry experts, successful entrepreneurs, and incubators. With growing student interest in emerging fields such as Artificial Intelligence, Data Science, Blockchain, and Sustainable Development, the IIC encourages hands-on learning, prototype development, and startup thinking. By participating in IIC activities, students gain real-world exposure, enhance their critical thinking and leadership skills, and align with national initiatives like Startup India and Atal Innovation Mission. The IIC at KMICS plays a vital role in shaping future-ready professionals and innovators equipped to thrive in the competitive global environment.
